NOTICE OF MOTION PURSUANT
TO STANDING ORDER 42(a)**
**AVIS DE MOTION DE CENSURE
CONFORMÉMENT À L'ARTICLE
42(a) DU RÈGLEMENT**

1. Mr Elston - Notice - That, since the New Democratic Party government has demonstrated a total disregard for the standards of conduct traditionally adhered to by Cabinet Ministers, as exemplified by the failure of the Solicitor General to comply with the Conflict of Interest Guidelines and Code of Conduct as laid down by the Premier, and since the Solicitor General has failed to comply with the long standing parliamentary tradition which promotes the independence of the judiciary, thereby jeopardizing the separation of powers traditionally associated with Ontario parliamentary history, therefore, pursuant to the provisions of Standing Order 42(a), the House no longer has confidence in the government. June 11, 1991.

**PRIVATE MEMBERS' NOTICES
OF MOTIONS**
**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

(d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.

2. Mrs Cunningham - Resolution - That in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.

3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:
 - 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.

6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Standing Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.

8. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the dumping of construction fill on agricultural land renders the land unsuitable for production and that this is a matter of continuing concern in rural areas of this Province, and given that there is at present no legislation which addresses this problem, the Minister of Agriculture and Food should move quickly to introduce amendments to the Topsoil Preservation Act to regulate and control the dumping of inert material on agricultural land. March 25, 1991.

12. Mr Carr - Resolution - That, in the opinion of this House, recognizing that despite the fact that there is legislation limiting the quality and quantity of air emissions from plants and factories across Ontario, and despite the presentation of a "plan" from the Petro-Canada plant, Oakville Refinery, last December which would drastically reduce their emissions, and that foul-smelling air emissions are still emanating from this plant and causing discomfort and respiratory difficulties to the residents, the Minister of the Environment should move quickly to tighten emission standards. April 29, 1991.
 17. Mr Stockwell - Resolution - That in the opinion of this House, recognizing that the tax, borrow and spend policies of the government are undermining Ontario's economic competitiveness, discouraging investment, exacerbating the problem of cross border shopping and that these policies will burden this and future generations of taxpayers with a massive debt, this House therefore calls upon the government to immediately introduce legislation:
 - 1) to impose a 2% cap on wage increases in the broader public sector in Ontario for a one year period,
 - 2) to establish a budget stabilization fund to be financed through the allocation of any in-year revenue windfalls,
 - 3) to hold its own direct operating expenditures at last year's levels,
 - 4) to implement a program freeze. June 3, 1991.
 18. Mr Callahan - Resolution - That in the opinion of this House, the Legislative process must be reformed to allow individual members the ability to vote for or against a measure as the majority of their electorate wishes, without it triggering a dissolution of the Legislature. It is also fundamental to a true democratic process that every individual member have a meaningful opportunity to participate in the policy decisions of the Legislature and this House calls upon the Government to reform the parliamentary process in a way which would make the contribution of all members more meaningful. June 11, 1991.

420. Mr Arnott - Enquiry of the Ministry - Would the Minister of Consumer and Commercial Relations provide the following information: 1. What is the cost of producing the internal news sheet entitled "Registration News" (per year - plus special editions). 2. Does the Ministry use a public relations firm to prepare or assist in the preparation of announcements such as that of May 7 relating to the closing of Registry Offices. If so, what is the cost for those services. 3. Did Ministry staff prepare the May 7 announcement independently, or was this done with the help of outside consultants. June 17, 1991.

Deuxième lecture Projet de loi 116, Loi portant modification de la Loi sur les normes d'emploi en ce qui a trait au préavis de licenciement. M. G. Dadamo.

Ballot Item Number 29. To be debated Thursday, June 27, 1991.

Mr Callahan - Resolution - That in the opinion of this House, the Legislative process must be reformed to allow individual members the ability to vote for or against a measure as the majority of their electorate wishes, without it triggering a dissolution of the Legislature. It is also fundamental to a true democratic process that every individual member have a meaningful opportunity to participate in the policy decisions of the Legislature and this House calls upon the Government to reform the parliamentary process in a way which would make the contribution of all members more meaningful.

Ballot Item Number 30. To be debated Thursday, June 27, 1991.

**PRIVATE MEMBERS' NOTICES

**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

(d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.

2. Mrs Cunningham - Resolution - That, in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.

3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:
 - 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.

6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Standing Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.

8. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the dumping of construction fill on agricultural land renders the land unsuitable for production and that this is a matter of continuing concern in rural areas of this Province, and given that there is at present no legislation which addresses this problem, the Minister of Agriculture and Food should move quickly to introduce amendments to the Topsoil Preservation Act to regulate and control the dumping of inert material on agricultural land. March 25, 1991.

12. Mr Carr - Resolution - That, in the opinion of this House, recognizing that despite the fact that there is legislation limiting the quality and quantity of air emissions from plants and factories across Ontario, and despite the presentation of a "plan" from the Petro-Canada plant, Oakville Refinery, last December which would drastically reduce their emissions, and that foul-smelling air emissions are still emanating from this plant and causing discomfort and respiratory difficulties to the residents, the Minister of the Environment should move quickly to tighten emission standards. April 29, 1991.

17. Mr Stockwell - Resolution - That, in the opinion of this House, recognizing that the tax, borrow and spend policies of the government are undermining Ontario's economic competitiveness, discouraging investment, exacerbating the problem of cross border shopping and that these policies will burden this and future generations of taxpayers with a massive debt, this House therefore calls upon the government to immediately introduce legislation:
 - 1) to impose a 2% cap on wage increases in the broader public sector in Ontario for a one year period,
 - 2) to establish a budget stabilization fund to be financed through the allocation of any in-year revenue windfalls,
 - 3) to hold its own direct operating expenditures at last year's levels,
 - 4) to implement a program freeze. June 3, 1991.

18. Mr Callahan - Resolution - That, in the opinion of this House, the Legislative process must be reformed to allow individual members the ability to vote for or against a measure as the majority of their electorate wishes, without it triggering a dissolution of the Legislature. It is also fundamental to a true democratic process that every individual member have a meaningful opportunity to participate in the policy decisions of the Legislature and this House calls upon the Government to reform the parliamentary process in a way which would make the contribution of all members more meaningful. June 11, 1991.

19. Mr Kwinter - Resolution - That, in the opinion of this House, given the horrendous negative effect the policies and proposals of the New Democratic Party government have already had on the investment and job creation climate in Ontario, and given the deliberately anti-business proposal by the federal Conservative government to introduce a payroll tax to fund its wage protection program, thus making successful workers and employers pay the costs for their unsuccessful counterparts, the present Government of Ontario should at no time introduce a payroll tax as a means of funding the Employee Wage Protection Program. June 18, 1991.

20. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that cereal farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. June 18, 1991.

21. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. June 18, 1991.
22. Ms Harrington - Resolution - That, in the opinion of this House, the time has come for a fundamental assessment of provincial policies and practices concerning violence against women, therefore the Office Responsible for Women's Issues should undertake a thorough review including:
- 1) the rights of people accused of assault to function in a manner that could be considered dangerous to members of society,
 - 2) the causes of violence against women and how the legacy of violence can be stopped,
 - 3) the effectiveness of education programs and how they can better serve victims of violence, and
 - 4) the accessibility of shelters for battered women and the need for shelters in all communities. June 18, 1991.

TO STANDING ORDER 42(a)**
**AVIS DE MOTION DE CENSURE
CONFORMÉMENT À L'ARTICLE
42(a) DU RÈGLEMENT**

2. Mr Harris - Notice - That the government has lost the confidence of this House because:
- (a) its fiscal and budgetary policies are undercutting Ontario's economic competitiveness, discouraging investment and encouraging the out-migration of Ontario firms, and because these policies will impose an intolerable burden of debt on future generations of Ontario taxpayers and are having a negative effect on cost-sensitive Ontario industries such as the tourism industry, manufacturing industry and the trucking industry and are exacerbating the problem of cross-border shopping;
 - (b) in spite of its rhetoric on the need for "partnerships" the government has practised arbitrary and secretive decision making as exemplified by its unilateral decision to change the oath of allegiance to the Queen and has failed to engage in meaningful consultation with the Ontario business community as evidenced by the debacle surrounding the legislation to establish a wage protection fund - Bill 70;
 - (c) the Premier has diluted and failed to enforce the principles established in his own conflict of interest guidelines and consequently the government has failed to meet what it described as its "first challenge ... to earn the trust and respect of the people of Ontario". June 19, 1991.

**PRIVATE MEMBERS' NOTICES
OF MOTIONS**
**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

- (d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.

2. Mrs Cunningham - Resolution - That, in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.

3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:
 - 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.

6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Standing Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.

8. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the dumping of construction fill on agricultural land renders the land unsuitable for production and that this is a matter of continuing concern in rural areas of this Province, and given that there is at present no legislation which addresses this problem, the Minister of Agriculture and Food should move quickly to introduce amendments to the Topsoil Preservation Act to regulate and control the dumping of inert material on agricultural land. March 25, 1991.

12. Mr Carr - Resolution - That, in the opinion of this House, recognizing that despite the fact that there is legislation limiting the quality and quantity of air emissions from plants and factories across Ontario, and despite the presentation of a "plan" from the Petro-Canada plant, Oakville Refinery, last December which would drastically reduce their emissions, and that foul-smelling air emissions are still emanating from this plant and causing discomfort and respiratory difficulties to the residents, the Minister of the Environment should move quickly to tighten emission standards. April 29, 1991.

17. Mr Stockwell - Resolution - That, in the opinion of this House, recognizing that the tax, borrow and spend policies of the government are undermining Ontario's economic competitiveness, discouraging investment, exacerbating the problem of cross border shopping and that these policies will burden this and future generations of taxpayers with a massive debt, this House therefore calls upon the government to immediately introduce legislation:
 - 1) to impose a 2% cap on wage increases in the broader public sector in Ontario for a one year period,
 - 2) to establish a budget stabilization fund to be financed through the allocation of any in-year revenue windfalls,
 - 3) to hold its own direct operating expenditures at last year's levels,
 - 4) to implement a program freeze. June 3, 1991.

18. Mr Callahan - Resolution - That, in the opinion of this House, the Legislative process must be reformed to allow individual members the ability to vote for or against a measure as the majority of their electorate wishes, without it triggering a dissolution of the Legislature. It is also fundamental to a true democratic process that every individual member have a meaningful opportunity to participate in the policy decisions of the Legislature and this House calls upon the Government to reform the parliamentary process in a way which would make the contribution of all members more meaningful. June 11, 1991.

19. Mr Kwinter - Resolution - That, in the opinion of this House, given the horrendous negative effect the policies and proposals of the New Democratic Party government have already had on the investment and job creation climate in Ontario, and given the deliberately anti-business proposal by the federal Conservative government to introduce a payroll tax to fund its wage protection program, thus making successful workers and employers pay the costs for their unsuccessful counterparts, the present Government of Ontario should at no time introduce a payroll tax as a means of funding the Employee Wage Protection Program. June 18, 1991.

20. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that cereal farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. June 18, 1991.
21. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. June 18, 1991.
22. Ms Harrington - Resolution - That, in the opinion of this House, the time has come for a fundamental assessment of provincial policies and practices concerning violence against women, therefore the Office Responsible for Women's Issues should undertake a thorough review including:
 - 1) the rights of people accused of assault to function in a manner that could be considered dangerous to members of society,
 - 2) the causes of violence against women and how the legacy of violence can be stopped,
 - 3) the effectiveness of education programs and how they can better serve victims of violence, and
 - 4) the accessibility of shelters for battered women and the need for shelters in all communities. June 18, 1991.
23. Mr Harris - Motion of Censure - That this House, taking note of the numerous and continuing incidents of conflict involving members of the Ontario Cabinet, has lost confidence in the Premier's ability to effectively develop, communicate, interpret and enforce his conflict of interest guidelines and calls on the Premier:
 - 1) to immediately devolve all responsibility for administering and interpreting the conflict of interest guidelines to the conflict of interest commissioner;
 - 2) to refer all allegations of conflict of interest to the conflict of interest commissioner, to authorize the commissioner to report his findings and conclusions to the Standing Committee on Administration of Justice which will be mandated to review the issue, findings and conclusions and make recommendations to the Premier and the Legislature on the disposition of the matter;

- 3) to immediately refer the questions concerning the so-called Farnan Affair to the Standing Committee on Administration of Justice;
- 4) to establish in law by way of amendments to the Executive Council Act the guidelines governing communications between Ministers and Parliamentary Assistants and the judiciary, the police and quasi-judicial bodies and to specifically identify the tribunals, commissions, agencies and boards with whom Ministers and Parliamentary Assistants may or may not communicate and what types of communication are acceptable. June 19, 1991.

NOTICE OF MOTION PURSUANT

**AVIS DE MOTION DE CENSURE
CONFORMÉMENT À L'ARTICLE
42(a) DU RÈGLEMENT**

2. Mr Harris - Notice - That the government has lost the confidence of this House because:

- (a) its fiscal and budgetary policies are undercutting Ontario's economic competitiveness, discouraging investment and encouraging the out-migration of Ontario firms, and because these policies will impose an intolerable burden of debt on future generations of Ontario taxpayers and are having a negative effect on cost-sensitive Ontario industries such as the tourism industry, manufacturing industry and the trucking industry and are exacerbating the problem of cross-border shopping;
- (b) in spite of its rhetoric on the need for "partnerships" the government has practised arbitrary and secretive decision making as exemplified by its unilateral decision to change the oath of allegiance to the Queen and has failed to engage in meaningful consultation with the Ontario business community as evidenced by the debacle surrounding the legislation to establish a wage protection fund - Bill 70;
- (c) the Premier has diluted and failed to enforce the principles established in his own conflict of interest guidelines and consequently the government has failed to meet what it described as its "first challenge ... to earn the trust and respect of the people of Ontario". June 19, 1991.

**PRIVATE MEMBERS' NOTICES
OF MOTIONS**

**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

- (d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.

2. Mrs Cunningham - Resolution - That, in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.

3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:
 - 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.

6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Standing Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.

8. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the dumping of construction fill on agricultural land renders the land unsuitable for production and that this is a matter of continuing concern in rural areas of this Province, and given that there is at present no legislation which addresses this problem, the Minister of Agriculture and Food should move quickly to introduce amendments to the Topsoil Preservation Act to regulate and control the dumping of inert material on agricultural land. March 25, 1991.
12. Mr Carr - Resolution - That, in the opinion of this House, recognizing that despite the fact that there is legislation limiting the quality and quantity of air emissions from plants and factories across Ontario, and despite the presentation of a "plan" from the Petro-Canada plant, Oakville Refinery, last December which would drastically reduce their emissions, and that foul-smelling air emissions are still emanating from this plant and causing discomfort and respiratory difficulties to the residents, the Minister of the Environment should move quickly to tighten emission standards. April 29, 1991.
17. Debated June 20, 1991.
18. Mr Callahan - Resolution - That, in the opinion of this House, the Legislative process must be reformed to allow individual members the ability to vote for or against a measure as the majority of their electorate wishes, without it triggering a dissolution of the Legislature. It is also fundamental to a true democratic process that every individual member have a meaningful opportunity to participate in the policy decisions of the Legislature and this House calls upon the Government to reform the parliamentary process in a way which would make the contribution of all members more meaningful. June 11, 1991.
19. Mr Kwinter - Resolution - That, in the opinion of this House, given the horrendous negative effect the policies and proposals of the New Democratic Party government have already had on the investment and job creation climate in Ontario, and given the deliberately anti-business proposal by the federal Conservative government to introduce a payroll tax to fund its wage protection program, thus making successful workers and employers pay the costs for their unsuccessful counterparts, the present Government of Ontario should at no time introduce a payroll tax as a means of funding the Employee Wage Protection Program. June 18, 1991.
20. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that cereal farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. June 18, 1991.
21. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. June 18, 1991.

22. Ms Harrington - Resolution - That, in the opinion of this House, the time has come for a fundamental assessment of provincial policies and practices concerning violence against women, therefore the Office Responsible for Women's Issues should undertake a thorough review including:
- 1) the rights of people accused of assault to function in a manner that could be considered dangerous to members of society,
 - 2) the causes of violence against women and how the legacy of violence can be stopped,
 - 3) the effectiveness of education programs and how they can better serve victims of violence, and
 - 4) the accessibility of shelters for battered women and the need for shelters in all communities. June 18, 1991.
23. Mr Harris - Motion of Censure - That this House, taking note of the numerous and continuing incidents of conflict involving members of the Ontario Cabinet, has lost confidence in the Premier's ability to effectively develop, communicate, interpret and enforce his conflict of interest guidelines and calls on the Premier:
- 1) to immediately devolve all responsibility for administering and interpreting the conflict of interest guidelines to the conflict of interest commissioner;
 - 2) to refer all allegations of conflict of interest to the conflict of interest commissioner, to authorize the commissioner to report his findings and conclusions to the Standing Committee on Administration of Justice which will be mandated to review the issue, findings and conclusions and make recommendations to the Premier and the Legislature on the disposition of the matter;
 - 3) to immediately refer the questions concerning the so-called Farnan Affair to the Standing Committee on Administration of Justice;
 - 4) to establish in law by way of amendments to the Executive Council Act the guidelines governing communications between Ministers and Parliamentary Assistants and the judiciary, the police and quasi-judicial bodies and to specifically identify the tribunals, commissions, agencies and boards with whom Ministers and Parliamentary Assistants may or may not communicate and what types of communication are acceptable. June 19, 1991.

430. Mrs Cunningham - Enquiry of the Ministry - Would the Minister of Skills Development explain why the number of apprenticeship training registrants will drop from 14,154 in 1990-91 to 12,000 in 1991-92. June 19, 1991.

431. Mrs McLeod - Enquiry of the Ministry - The Minister of Community and Social Services may know of a problematic policy regarding "Do Not Resuscitate" orders for seriously-ill residents which may apply in an Ontario's Home for the Aged. At least one Ontario Home for the Aged invites families to authorize "Do Not Resuscitate" orders for mentally-incompetent seriously ill residents. A family asking for ordinary bed-side resuscitative measures but no "heroics" is advised of a policy allowing for only two "black-and-white" options: first, no attempt at all to resuscitate; or second, a course which potentially invokes the full gaunt of highly technological life support measures including transfer by ambulance to a general hospital Intensive Care unit. Many families do not want such elaborate measures but may be reluctant to authorize no attempt at all to maintain life. Would the Minister advise whether the policy regarding "Do Not Resuscitate" orders for seriously-ill residents, which may apply in an Ontario Home for the Aged, is indeed a consistent province-wide policy among Homes for the Aged. Would the Minister also advise what guidelines are in place outlining the terms of such a policy and whether those guidelines reflect the position of the Ministry in such matters. June 24, 1991.

Ballot Item Numbers 27 and 28. Debated June 20, 1991.

Ballot Item Number 29. To be debated Thursday, June 27, 1991.

Mr Callahan - Resolution - That in the opinion of this House, the Legislative process must be reformed to allow individual members the ability to vote for or against a measure as the majority of their electorate wishes, without it triggering a dissolution of the Legislature. It is also fundamental to a true democratic process that every individual member have a meaningful opportunity to participate in the policy decisions of the Legislature and this House calls upon the Government to reform the parliamentary process in a way which would make the contribution of all members more meaningful.

Ballot Item Number 30. To be debated Thursday, June 27, 1991.

Second Reading Bill 124, An Act to amend the Highway Traffic Act. Mrs D. Cunningham.

Deuxième lecture Projet de loi 124, Loi portant modification du Code de la route. M^{me} D. Cunningham.

Ballot Item Number 31. To be debated Thursday, September 26, 1991.

Ms Harrington - Resolution - That, in the opinion of this House, the time has come for a fundamental assessment of provincial policies and practices concerning violence against women, therefore the Office Responsible for Women's Issues should undertake a thorough review including:

- 1) the rights of people accused of assault to function in a manner that could be considered dangerous to members of society,
- 2) the causes of violence against women and how the legacy of violence can be stopped,
- 3) the effectiveness of education programs and how they can better serve victims of violence, and
- 4) the accessibility of shelters for battered women and the need for shelters in all communities.

Ballot Item Number 32. To be debated Thursday, September 26, 1991.

Mr Kwinter - Resolution - That, in the opinion of this House, given the horrendous negative effect the policies and proposals of the New Democratic Party government have already had on the investment and job creation climate in Ontario, and given the deliberately anti-business proposal by the federal Conservative government to introduce a payroll tax to fund its wage protection program, thus making successful workers and employers pay the costs for their unsuccessful counterparts, the present Government of Ontario should at no time introduce a payroll tax as a means of funding the Employee Wage Protection Program.

21. Mr Laughren - Resolution - That the Treasurer of Ontario be authorized to pay the salaries of the civil servants and other necessary payments pending the voting of supply for the period commencing August 1, 1991, and ending October 31, 1991, such payments to be charged to the proper appropriation following the voting of supply. CONFORMÉMENT À L'ARTICLE

2. Mr Harris - Notice - That the government has lost the confidence of this House because:
- (a) its fiscal and budgetary policies are undercutting Ontario's economic competitiveness, discouraging investment and encouraging the out-migration of Ontario firms, and because these policies will impose an intolerable burden of debt on future generations of Ontario taxpayers and are having a negative effect on cost-sensitive Ontario industries such as the tourism industry, manufacturing industry and the trucking industry and are exacerbating the problem of cross-border shopping;
 - (b) in spite of its rhetoric on the need for "partnerships" the government has practised arbitrary and secretive decision making as exemplified by its unilateral decision to change the oath of allegiance to the Queen and has failed to engage in meaningful consultation with the Ontario business community as evidenced by the debacle surrounding the legislation to establish a wage protection fund - Bill 70;
 - (c) the Premier has diluted and failed to enforce the principles established in his own conflict of interest guidelines and consequently the government has failed to meet what it described as its "first challenge ... to earn the trust and respect of the people of Ontario". June 19, 1991.

**PRIVATE MEMBERS' NOTICES
OF MOTIONS**

**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

(d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.

2. Mrs Cunningham - Resolution - That, in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.
3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.
5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:

- 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.
6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Standing Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.
 8. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the dumping of construction fill on agricultural land renders the land unsuitable for production and that this is a matter of continuing concern in rural areas of this Province, and given that there is at present no legislation which addresses this problem, the Minister of Agriculture and Food should move quickly to introduce amendments to the Topsoil Preservation Act to regulate and control the dumping of inert material on agricultural land. March 25, 1991.
 12. Mr Carr - Resolution - That, in the opinion of this House, recognizing that despite the fact that there is legislation limiting the quality and quantity of air emissions from plants and factories across Ontario, and despite the presentation of a "plan" from the Petro-Canada plant, Oakville Refinery, last December which would drastically reduce their emissions, and that foul-smelling air emissions are still emanating from this plant and causing discomfort and respiratory difficulties to the residents, the Minister of the Environment should move quickly to tighten emission standards. April 29, 1991.
 18. Mr Callahan - Resolution - That, in the opinion of this House, the Legislative process must be reformed to allow individual members the ability to vote for or against a measure as the majority of their electorate wishes, without it triggering a dissolution of the Legislature. It is also fundamental to a true democratic process that every individual member have a meaningful opportunity to participate in the policy decisions of the Legislature and this House calls upon the Government to reform the parliamentary process in a way which would make the contribution of all members more meaningful. June 11, 1991.
 19. Mr Kwinter - Resolution - That, in the opinion of this House, given the horrendous negative effect the policies and proposals of the New Democratic Party government have already had on the investment and job creation climate in Ontario, and given the deliberately anti-business proposal by the federal Conservative government to introduce a payroll tax to fund its wage protection program, thus making successful workers and employers pay the costs for their unsuccessful counterparts, the present Government of Ontario should at no time introduce a payroll tax as a means of funding the Employee Wage Protection Program. June 18, 1991.

20. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that cereal farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. June 18, 1991.
21. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. June 18, 1991.
22. Ms Harrington - Resolution - That, in the opinion of this House, the time has come for a fundamental assessment of provincial policies and practices concerning violence against women, therefore the Office Responsible for Women's Issues should undertake a thorough review including:
 - 1) the rights of people accused of assault to function in a manner that could be considered dangerous to members of society,
 - 2) the causes of violence against women and how the legacy of violence can be stopped,
 - 3) the effectiveness of education programs and how they can better serve victims of violence, and
 - 4) the accessibility of shelters for battered women and the need for shelters in all communities. June 18, 1991.
23. Mr Harris - Motion of Censure - That this House, taking note of the numerous and continuing incidents of conflict involving members of the Ontario Cabinet, has lost confidence in the Premier's ability to effectively develop, communicate, interpret and enforce his conflict of interest guidelines and calls on the Premier:
 - 1) to immediately devolve all responsibility for administering and interpreting the conflict of interest guidelines to the conflict of interest commissioner;
 - 2) to refer all allegations of conflict of interest to the conflict of interest commissioner, to authorize the commissioner to report his findings and conclusions to the Standing Committee on Administration of Justice which will be mandated to review the issue, findings and conclusions and make recommendations to the Premier and the Legislature on the disposition of the matter;

- 3) to immediately refer the questions concerning the so-called Farnan Affair to the Standing Committee on Administration of Justice;
 - 4) to establish in law by way of amendments to the Executive Council Act the guidelines governing communications between Ministers and Parliamentary Assistants and the judiciary, the police and quasi-judicial bodies and to specifically identify the tribunals, commissions, agencies and boards with whom Ministers and Parliamentary Assistants may or may not communicate and what types of communication are acceptable. June 19, 1991.

431. Mrs McLeod - Enquiry of the Ministry - The Minister of Community and Social Services may know of a problematic policy regarding "Do Not Resuscitate" orders for seriously-ill residents which may apply in an Ontario's Home for the Aged. At least one Ontario Home for the Aged invites families to authorize "Do Not Resuscitate" orders for mentally-incompetent seriously ill residents. A family asking for ordinary bed-side resuscitative measures but no "heroics" is advised of a policy allowing for only two "black-and-white" options: first, no attempt at all to resuscitate; or second, a course which potentially invokes the full gaunt of highly technological life support measures including transfer by ambulance to a general hospital Intensive Care unit. Many families do not want such elaborate measures but may be reluctant to authorize no attempt at all to maintain life. Would the Minister advise whether the policy regarding "Do Not Resuscitate" orders for seriously-ill residents, which may apply in an Ontario Home for the Aged, is indeed a consistent province-wide policy among Homes for the Aged. Would the Minister also advise what guidelines are in place outlining the terms of such a policy and whether those guidelines reflect the position of the Ministry in such matters. June 24, 1991.
432. Mr Jackson - Enquiry of the Ministry - Would the Minister of Community and Social Services table a list of non-profit child care centres with operating deficits by centre and municipality. June 25, 1991.
433. Mr Jackson - Enquiry of the Ministry - Would the Minister of Community and Social Services provide a list of the number of subsidized spaces in non-profit child care centres by centre and municipality for the 1985-86, 1986-87, 1987-88, 1988-89, 1989-90, 1990-91 fiscal years and the projections for the 1991-92 fiscal year. June 25, 1991.
434. Mr Jackson - Enquiry of the Ministry - Would the Minister of Community and Social Services provide a list of the number of subsidized spaces in private child care centres by centre and municipality for the 1985-86, 1986-87, 1987-88, 1988-89, 1989-90, 1990-91 fiscal years and the projections for the 1991-92 fiscal year. June 25, 1991.
435. Mr Jackson - Enquiry of the Ministry - Would the Minister of Community and Social Services provide a list of non-profit child care centres that have closed since September 1990 by centre and municipality. June 25, 1991.

436. Mr Jackson - Enquiry of the Ministry - Would the Minister of Community and Social Services provide a list of private child care centres that have closed since September 1990 by centre and municipality. June 25, 1991.
437. Mr Jackson - Enquiry of the Ministry - Would the Minister of Community and Social Services explain how provincial transfers to the Ontario Coalition for Better Child Care have been spent by the Coalition for the last four fiscal years and confirm the amounts transferred from all or any ministries. June 25, 1991.

Ballot Item Number 29. To be debated Thursday, June 27, 1991.

Mr Callahan - Resolution - That in the opinion of this House, the Legislative process must be reformed to allow individual members the ability to vote for or against a measure as the majority of their electorate wishes, without it triggering a dissolution of the Legislature. It is also fundamental to a true democratic process that every individual member have a meaningful opportunity to participate in the policy decisions of the Legislature and this House calls upon the Government to reform the parliamentary process in a way which would make the contribution of all members more meaningful.

21. Mr Laughren - Resolution - That the Treasurer of Ontario be authorized to pay the salaries of the civil servants and other necessary payments pending the voting of supply for the period commencing August 1, 1991, and ending October 31, 1991, such payments to be charged to the proper appropriation following the voting of supply. June 24, 1991.
22. Miss Martel - Resolution - That Standing Order 104(g) be amended by inserting after "agencies;" in the tenth line "and to review the intended appointments of persons to agencies, boards and commissions and of directors to corporations in which the Crown in right of Ontario is a majority shareholder according to the following procedures:
 1. A minister of the Crown shall lay on the Table a certificate stating that the Lieutenant Governor in Council or the Premier, as the case may be, intends to appoint a person to an agency, board or commission or to the board of directors of a corporation, together with a copy of the position description and a summary of the person's qualifications, which documents shall be deemed to be referred to the Committee.
 2. Upon receipt of a certificate as referred to in paragraph 1, the Clerk of the Committee shall distribute to each member of the Sub-committee on Committee Business a list of intended appointees in respect of whom a certificate has been received.
 3. The Sub-committee shall meet at its own initiative or at the request of the Committee to select from among the intended appointees referred to in paragraph 1, those intended appointees the Committee will review. Each member of the Sub-committee, other than the Chair, may choose one or more of the intended appointees for review from the certificates provided by the Clerk of the Committee.
 4. Following a meeting of the Sub-committee called for the purpose of selecting intended appointees for review, at which an intended appointee was not selected for review, or following 30 calendar days from the tabling of the certificate pursuant to paragraph 1 during which no Sub-committee meeting for the purpose of selecting intended appointees for review has taken place, whichever shall come first, a report shall be deemed to have been made by the Committee and adopted by the House, that the Committee will not review the intended appointee.
 5. The Sub-committee shall report to the Committee on the intended appointees for review. Upon receiving the report, the Committee shall determine a date for the review of the intended appointees as selected by the members of the Sub-committee. Such date shall be no earlier than 7 calendar days following the receipt of the report of the Sub-committee.

6. Upon notice from the Clerk of the Committee that an intended appointment has been selected for review, the minister who recommended the appointment shall provide to the Committee a copy of the intended appointee's application, a copy of his or her resume, a description of the responsibilities of the position, a detailed description of the candidate search process and a statement of the criteria by which the intended appointee was chosen.
7. At any meeting of the Committee called for the purpose of reviewing intended appointees, the Chair shall divide the time available for review so that an equal amount of time will be spent reviewing the selections for review made by each of the members of the Sub-committee.
8. Where a Sub-committee member has chosen more than one intended appointee for review, the member shall apportion the time available to review his or her selections between the appointees. The Sub-committee member may choose to defer the consideration of one or more of the intended appointees that the member has chosen for review for up to 14 calendar days until a future meeting of the Committee at which intended appointees are to be reviewed so long as the consideration of the intended appointee has not previously been deferred.
9. In reviewing an intended appointee, the Committee shall not call as a witness any person other than the intended appointee.
10. The Committee shall determine whether or not it concurs in an intended appointment at the conclusion of the meeting held to review the appointment unless any member requests that the Committee defer its determination for up to 7 calendar days to a future meeting of the Committee. In its report, the Committee shall state whether or not it concurs in the intended appointments and may state its reasons therefor.
11. The Committee shall present its report to the House on its review of intended appointments at the earliest opportunity following the meeting at which its findings have been made and such report shall be deemed to be adopted by the House. If the House is not meeting at the time, the Committee shall have authority to release its report by depositing a copy of it with the Clerk of the Assembly and upon receipt of the report by the Clerk the report shall be deemed to be adopted by the House.
12. If a report in respect of an intended appointee is not made within 30 calendar days following the day on which the intended appointee was selected for review, a report shall be deemed to have been made by the Committee and adopted by the House, that the Committee will not review the intended appointee.
13. Where consideration of an intended appointee is deferred in accordance with paragraph 8, the time allowed for the making of the report as established in paragraph 12 shall be extended by 14 calendar days.

14. The Clerk of the Committee shall notify in writing the minister who recommended the appointment of any decision of the Committee and the Sub-committee on Committee Business respecting the appointment."

This Standing Order shall come into effect on June 28, 1991. June 25, 1991.

**PRIVATE MEMBERS' NOTICES
OF MOTIONS**

**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

(d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.

2. Mrs Cunningham - Resolution - That, in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.
3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:
 - 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.
6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Standing Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.
8. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the dumping of construction fill on agricultural land renders the land unsuitable for production and that this is a matter of continuing concern in rural areas of this Province, and given that there is at present no legislation which addresses this problem, the Minister of Agriculture and Food should move quickly to introduce amendments to the Topsoil Preservation Act to regulate and control the dumping of inert material on agricultural land. March 25, 1991.
12. Mr Carr - Resolution - That, in the opinion of this House, recognizing that despite the fact that there is legislation limiting the quality and quantity of air emissions from plants and factories across Ontario, and despite the presentation of a "plan" from the Petro-Canada plant, Oakville Refinery, last December which would drastically reduce their emissions, and that foul-smelling air emissions are still emanating from this plant and causing discomfort and respiratory difficulties to the residents, the Minister of the Environment should move quickly to tighten emission standards. April 29, 1991.

18. Mr Callahan - Resolution - That, in the opinion of this House, the Legislative process must be reformed to allow individual members the ability to vote for or against a measure as the majority of their electorate wishes, without it triggering a dissolution of the Legislature. It is also fundamental to a true democratic process that every individual member have a meaningful opportunity to participate in the policy decisions of the Legislature and this House calls upon the Government to reform the parliamentary process in a way which would make the contribution of all members more meaningful. June 11, 1991.
19. Mr Kwinter - Resolution - That, in the opinion of this House, given the horrendous negative effect the policies and proposals of the New Democratic Party government have already had on the investment and job creation climate in Ontario, and given the deliberately anti-business proposal by the federal Conservative government to introduce a payroll tax to fund its wage protection program, thus making successful workers and employers pay the costs for their unsuccessful counterparts, the present Government of Ontario should at no time introduce a payroll tax as a means of funding the Employee Wage Protection Program. June 18, 1991.
20. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that cereal farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. June 18, 1991.
21. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. June 18, 1991.
22. Ms Harrington - Resolution - That, in the opinion of this House, the time has come for a fundamental assessment of provincial policies and practices concerning violence against women, therefore the Office Responsible for Women's Issues should undertake a thorough review including:
 - 1) the rights of people accused of assault to function in a manner that could be considered dangerous to members of society,
 - 2) the causes of violence against women and how the legacy of violence can be stopped,
 - 3) the effectiveness of education programs and how they can better serve victims of violence, and
 - 4) the accessibility of shelters for battered women and the need for shelters in all communities. June 18, 1991.

23. Mr Harris - Motion of Censure - That this House, taking note of the numerous and continuing incidents of conflict involving members of the Ontario Cabinet, has lost confidence in the Premier's ability to effectively develop, communicate, interpret and enforce his conflict of interest guidelines and calls on the Premier:
- 1) to immediately devolve all responsibility for administering and interpreting the conflict of interest guidelines to the conflict of interest commissioner;
 - 2) to refer all allegations of conflict of interest to the conflict of interest commissioner, to authorize the commissioner to report his findings and conclusions to the Standing Committee on Administration of Justice which will be mandated to review the issue, findings and conclusions and make recommendations to the Premier and the Legislature on the disposition of the matter;
 - 3) to immediately refer the questions concerning the so-called Farnan Affair to the Standing Committee on Administration of Justice;
 - 4) to establish in law by way of amendments to the Executive Council Act the guidelines governing communications between Ministers and Parliamentary Assistants and the judiciary, the police and quasi-judicial bodies and to specifically identify the tribunals, commissions, agencies and boards with whom Ministers and Parliamentary Assistants may or may not communicate and what types of communication are acceptable. June 19, 1991.
24. Mr Runciman - Resolution - That, in the opinion of this House, since the Corporation of the City of Brockville is seriously concerned about the impact on the manufacturing, commercial and tourism sectors of its economy through the loss of income, expenditure and assessment, resulting from the Provincial Government's taxation policies and the proposed introduction of legislation which is currently eroding the competitiveness and profitability in all the sectors noted above; and, since some of Brockville's industrialists have stated that they will move their manufacturing concerns out of Ontario, limit future investment, or close, if some or all of the current legislation is introduced which will increase the cost of doing business in Ontario (for example, labour law reform, sectoral bargaining, increased employer contributions on employee compensation packages, mandatory pension indexation, contracting out, strengthening the Ontario Labour Relations Board, and increasing the minimum wage to 60% of the average industrial wage) and, since the City of Brockville is potentially losing its ability to entice new commerce to the City from major investor interests due to concerns on the impact of the Ontario deficit, and the shift from a "business oriented Province"; and, since the City's manufacturing base, representing the majority of Brockville's manufacturing jobs, supports the City's direction on this matter through extensive consultation, the Corporation of the City of Brockville herein strongly recommends that the Ontario Government freeze all current and proposed legislation that will impact on Ontario business; and further, that the Government be more sensitive in the future to the impact of legislation on the economy of Ontario; and, that an industry/business/labour based task force be established to formulate a strategic direction that will repair the damage that has been done, and put Ontario back in a competitive business climate. June 25, 1991.

431. Mrs McLeod - Enquiry of the Ministry - The Minister of Community and Social Services may know of a problematic policy regarding "Do Not Resuscitate" orders for seriously-ill residents which may apply in an Ontario's Home for the Aged. At least one Ontario Home for the Aged invites families to authorize "Do Not Resuscitate" orders for mentally-incompetent seriously ill residents. A family asking for ordinary bed-side resuscitative measures but no "heroics" is advised of a policy allowing for only two "black-and-white" options: first, no attempt at all to resuscitate; or second, a course which potentially invokes the full gaunt of highly technological life support measures including transfer by ambulance to a general hospital Intensive Care unit. Many families do not want such elaborate measures but may be reluctant to authorize no attempt at all to maintain life. Would the Minister advise whether the policy regarding "Do Not Resuscitate" orders for seriously-ill residents, which may apply in an Ontario Home for the Aged, is indeed a consistent province-wide policy among Homes for the Aged. Would the Minister also advise what guidelines are in place outlining the terms of such a policy and whether those guidelines reflect the position of the Ministry in such matters. June 24, 1991.
432. Mr Jackson - Enquiry of the Ministry - Would the Minister of Community and Social Services table a list of non-profit child care centres with operating deficits by centre and municipality. June 25, 1991.

June 25, 1991.
434. Mr Jackson - Enquiry of the Ministry - Would the Minister of Community and Social Services provide a list of the number of subsidized spaces in private child care centres by centre and municipality for the 1985-86, 1986-87, 1987-88, 1988-89, 1989-90, 1990-91 fiscal years and the projections for the 1991-92 fiscal year. June 25, 1991.
435. Mr Jackson - Enquiry of the Ministry - Would the Minister of Community and Social Services provide a list of non-profit child care centres that have closed since September 1990 by centre and municipality. June 25, 1991.

437. Mr Jackson - Enquiry of the Ministry - Would the Minister of Community and Social Services explain how provincial transfers to the Ontario Coalition for Better Child Care have been spent by the Coalition for the last four fiscal years and confirm the amounts transferred from all or any ministries. June 25, 1991.
438. Mr Tilson - Enquiry of the Ministry - Would the Chair of the Management Board provide a list of employment equity expenditures by ministry in fiscal 1990-91 and projected expenditures in 1991-92. June 26, 1991.
439. Mr Tilson - Enquiry of the Ministry - Would the Chair of the Management Board table a comparison of the salary ranges of the management group in the Ontario public service to the salary ranges paid to comparable positions in the public services of the other Canadian provinces and in the federal public service. June 26, 1991.
440. Mr Tilson - Enquiry of the Ministry - Would the Chair of the Management Board table all studies prepared by or for the Ministry on private and public sector wage and salary differentials. June 26, 1991.
441. Mr Tilson - Enquiry of the Ministry - Would the Chair of the Management Board list all functions, responsibilities and personnel of the Ministry to be transferred to the Treasury Board and provide a breakdown of the effect of the establishment of the Treasury Board on Management Board's budget and staffing. June 26, 1991.
442. Mr Tilson - Enquiry of the Ministry - Would the Chair of the Management Board list the percentage salary increases in the Ontario public service in 1985, 1986, 1987, 1988, 1989, 1990 and 1991. June 26, 1991.
443. Mr Tilson - Enquiry of the Ministry - Would the Chair of the Management Board provide a list of all public servants who exercised an early retirement or early exit option who have since been retained as consultants by the government and indicate in each case both their former positions and the Ministry which currently retains them. June 26, 1991.
444. Mr Tilson - Enquiry of the Ministry - Would the Chair of the Management Board provide the most current estimate of the cost of the government's decentralization program. June 26, 1991.

447. Mr Turnbull - Enquiry of the Ministry - Would the Minister of Government Services please give the following information about the canvas handbag (9999-1346), the executive portfolio (7510-1723), and the perpetual appointment book (7530-1227): the country of origin, quantity purchased, unit cost, distribution, whether comparative quotes were received, what the comparative cost would be to buy a Canadian product, if manufactured outside Canada. June 26, 1991.
448. Mr Turnbull - Enquiry of the Ministry - Would the Minister of Government Services table the following information: 1. How many employees have indicated they will not move when their department is relocated under the Ministry program of decentralization. 2. What programs have been implemented to retrain employees who refuse to move when their department relocates outside Toronto. 3. What is the cost of these programs. 4. What provisions have been made to place these employees in other jobs within Toronto civil service. June 26, 1991.
449. Mr Turnbull - Enquiry of the Ministry - Would the Minister of Government Services provide the total costs incurred for changing Ministers, how many employees moved from one Ministry to another as a result of the change in Ministers. June 26, 1991.

Ballot Item Number 29. To be debated Thursday, June 27, 1991.

Mr Callahan - Resolution - That in the opinion of this House, the Legislative process must be reformed to allow individual members the ability to vote for or against a measure as the majority of their electorate wishes, without it triggering a dissolution of the Legislature. It is also fundamental to a true democratic process that every individual member have a meaningful opportunity to participate in the policy decisions of the Legislature and this House calls upon the Government to reform the parliamentary process in a way which would make the contribution of all members more meaningful.

Ballot Item Number 30. To be debated Thursday, June 27, 1991.

Second Reading Bill 124, An Act to amend the Highway Traffic Act. Mrs D. Cunningham.

Deuxième lecture Projet de loi 124, Loi portant modification du Code de la route. M^{me} D. Cunningham.

Ballot Item Number 31. To be debated Thursday, September 26, 1991.

Ms Harrington - Resolution - That, in the opinion of this House, the time has come for a fundamental assessment of provincial policies and practices concerning violence against women, therefore the Office Responsible for Women's Issues should undertake a thorough review including:

- 1) the rights of people accused of assault to function in a manner that could be considered dangerous to members of society,
- 2) the causes of violence against women and how the legacy of violence can be stopped,
- 3) the effectiveness of education programs and how they can better serve victims of violence, and
- 4) the accessibility of shelters for battered women and the need for shelters in all communities.

Ballot Item Number 32. To be debated Thursday, September 26, 1991.

Mr Kwinter - Resolution - That, in the opinion of this House, given the horrendous negative effect the policies and proposals of the New Democratic Party government have already had on the investment and job creation climate in Ontario, and given the deliberately anti-business proposal by the federal Conservative government to introduce a payroll tax to fund its wage protection program, thus making successful workers and employers pay the costs for their unsuccessful counterparts, the present Government of Ontario should at no time introduce a payroll tax as a means of funding the Employee Wage Protection Program.

Ballot Item Number 33. To be debated Thursday, October 3, 1991.

Second Reading Bill 134, An Act respecting Unsolicited Facsimile Transmissions. Mr D. Cousens.

Deuxième lecture Projet de loi 134, Loi portant sur les transmissions par télécopie non sollicitées. M. D. Cousens.

**PRIVATE MEMBERS' NOTICES
OF MOTIONS****AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

(d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.

2. Mrs Cunningham - Resolution - That, in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.
3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:
 - 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.
6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Standing Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.
8. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the dumping of construction fill on agricultural land renders the land unsuitable for production and that this is a matter of continuing concern in rural areas of this Province, and given that there is at present no legislation which addresses this problem, the Minister of Agriculture and Food should move quickly to introduce amendments to the Topsoil Preservation Act to regulate and control the dumping of inert material on agricultural land. March 25, 1991.
12. Mr Carr - Resolution - That, in the opinion of this House, recognizing that despite the fact that there is legislation limiting the quality and quantity of air emissions from plants and factories across Ontario, and despite the presentation of a "plan" from the Petro-Canada plant, Oakville Refinery, last December which would drastically reduce their emissions, and that foul-smelling air emissions are still emanating from this plant and causing discomfort and respiratory difficulties to the residents, the Minister of the Environment should move quickly to tighten emission standards. April 29, 1991.

18. Mr Callahan - Resolution - That, in the opinion of this House, the Legislative process must be reformed to allow individual members the ability to vote for or against a measure as the majority of their electorate wishes, without it triggering a dissolution of the Legislature. It is also fundamental to a true democratic process that every individual member have a meaningful opportunity to participate in the policy decisions of the Legislature and this House calls upon the Government to reform the parliamentary process in a way which would make the contribution of all members more meaningful. June 11, 1991.
19. Mr Kwinter - Resolution - That, in the opinion of this House, given the horrendous negative effect the policies and proposals of the New Democratic Party government have already had on the investment and job creation climate in Ontario, and given the deliberately anti-business proposal by the federal Conservative government to introduce a payroll tax to fund its wage protection program, thus making successful workers and employers pay the costs for their unsuccessful counterparts, the present Government of Ontario should at no time introduce a payroll tax as a means of funding the Employee Wage Protection Program. June 18, 1991.
20. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that cereal farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. June 18, 1991.
21. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. June 18, 1991.
22. Ms Harrington - Resolution - That, in the opinion of this House, the time has come for a fundamental assessment of provincial policies and practices concerning violence against women, therefore the Office Responsible for Women's Issues should undertake a thorough review including:
 - 1) the rights of people accused of assault to function in a manner that could be considered dangerous to members of society,
 - 2) the causes of violence against women and how the legacy of violence can be stopped,
 - 3) the effectiveness of education programs and how they can better serve victims of violence, and
 - 4) the accessibility of shelters for battered women and the need for shelters in all communities. June 18, 1991.

23. Mr Harris - Motion of Censure - That this House, taking note of the numerous and continuing incidents of conflict involving members of the Ontario Cabinet, has lost confidence in the Premier's ability to effectively develop, communicate, interpret and enforce his conflict of interest guidelines and calls on the Premier:
- 1) to immediately devolve all responsibility for administering and interpreting the conflict of interest guidelines to the conflict of interest commissioner;
 - 2) to refer all allegations of conflict of interest to the conflict of interest commissioner, to authorize the commissioner to report his findings and conclusions to the Standing Committee on Administration of Justice which will be mandated to review the issue, findings and conclusions and make recommendations to the Premier and the Legislature on the disposition of the matter;
 - 3) to immediately refer the questions concerning the so-called Farnan Affair to the Standing Committee on Administration of Justice;
 - 4) to establish in law by way of amendments to the Executive Council Act the guidelines governing communications between Ministers and Parliamentary Assistants and the judiciary, the police and quasi-judicial bodies and to specifically identify the tribunals, commissions, agencies and boards with whom Ministers and Parliamentary Assistants may or may not communicate and what types of communication are acceptable. June 19, 1991.
24. Mr Runciman - Resolution - That, in the opinion of this House, since the Corporation of the City of Brockville is seriously concerned about the impact on the manufacturing, commercial and tourism sectors of its economy through the loss of income, expenditure and assessment, resulting from the Provincial Government's taxation policies and the proposed introduction of legislation which is currently eroding the competitiveness and profitability in all the sectors noted above; and, since some of Brockville's industrialists have stated that they will move their manufacturing concerns out of Ontario, limit future investment, or close, if some or all of the current legislation is introduced which will increase the cost of doing business in Ontario (for example, labour law reform, sectoral bargaining, increased employer contributions on employee compensation packages, mandatory pension indexation, contracting out, strengthening the Ontario Labour Relations Board, and increasing the minimum wage to 60% of the average industrial wage) and, since the City of Brockville is potentially losing its ability to entice new commerce to the City from major investor interests due to concerns on the impact of the Ontario deficit, and the shift from a "business oriented Province"; and, since the City's manufacturing base, representing the majority of Brockville's manufacturing jobs, supports the City's direction on this matter through extensive consultation, the Corporation of the City of Brockville herein strongly recommends that the Ontario Government freeze all current and proposed legislation that will impact on Ontario business; and further, that the Government be more sensitive in the future to the impact of legislation on the economy of Ontario; and, that an industry/business/labour based task force be established to formulate a strategic direction that will repair the damage that has been done, and put Ontario back in a competitive business climate. June 25, 1991.

431. Mrs McLeod - Enquiry of the Ministry - The Minister of Community and Social Services may know of a problematic policy regarding "Do Not Resuscitate" orders for seriously-ill residents which may apply in an Ontario's Home for the Aged. At least one Ontario Home for the Aged invites families to authorize "Do Not Resuscitate" orders for mentally-incompetent seriously ill residents. A family asking for ordinary bed-side resuscitative measures but no "heroics" is advised of a policy allowing for only two "black-and-white" options: first, no attempt at all to resuscitate; or second, a course which potentially invokes the full gaunt of highly technological life support measures including transfer by ambulance to a general hospital Intensive Care unit. Many families do not want such elaborate measures but may be reluctant to authorize no attempt at all to maintain life. Would the Minister advise whether the policy regarding "Do Not Resuscitate" orders for seriously-ill residents, which may apply in an Ontario Home for the Aged, is indeed a consistent province-wide policy among Homes for the Aged. Would the Minister also advise what guidelines are in place outlining the terms of such a policy and whether those guidelines reflect the position of the Ministry in such matters. June 24, 1991.

*(Precedence in accordance with
Standing Order 94 (d).)*

*(Ordre de priorité conforme à l'article
94(d) du Règlement.)*

Ballot Item Number 29. To be debated today.

Mr Callahan - Resolution - That in the opinion of this House, the Legislative process must be reformed to allow individual members the ability to vote for or against a measure as the majority of their electorate wishes, without it triggering a dissolution of the Legislature. It is also fundamental to a true democratic process that every individual member have a meaningful opportunity to participate in the policy decisions of the Legislature and this House calls upon the Government to reform the parliamentary process in a way which would make the contribution of all members more meaningful.

Ballot Item Number 30. To be debated today.

Second Reading Bill 124, An Act to amend the Highway Traffic Act. Mrs D. Cunningham.

Deuxième lecture Projet de loi 124, Loi portant modification du Code de la route. M^{me} D. Cunningham.

Ballot Item Number 31. To be debated Thursday, September 26, 1991.

Ms Harrington - Resolution - That, in the opinion of this House, the time has come for a fundamental assessment of provincial policies and practices concerning violence against women, therefore the Office Responsible for Women's Issues should undertake a thorough review including:

- 1) the rights of people accused of assault to function in a manner that could be considered dangerous to members of society,
- 2) the causes of violence against women and how the legacy of violence can be stopped,
- 3) the effectiveness of education programs and how they can better serve victims of violence, and
- 4) the accessibility of shelters for battered women and the need for shelters in all communities.

Ballot Item Number 32. To be debated Thursday, September 26, 1991.

Mr Kwinter - Resolution - That, in the opinion of this House, given the horrendous negative effect the policies and proposals of the New Democratic Party government have already had on the investment and job creation climate in Ontario, and given the deliberately anti-business proposal by the federal Conservative government to introduce a payroll tax to fund its wage protection program, thus making successful workers and employers pay the costs for their unsuccessful counterparts, the present Government of Ontario should at no time introduce a payroll tax as a means of funding the Employee Wage Protection Program.

Ballot Item Number 33. To be debated Thursday, October 3, 1991.

Second Reading Bill 134, An Act respecting Unsolicited Facsimile Transmissions. Mr D. Cousens.

Deuxième lecture Projet de loi 134, Loi portant sur les transmissions par télécopie non sollicitées. M. D. Cousens.

Ballot Item Number 34. To be debated Thursday, October 3, 1991.

**PRIVATE MEMBERS' NOTICES
OF MOTIONS****AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

(d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.

2. Mrs Cunningham - Resolution - That, in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.
3. Mr Winner - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:
 - 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.
6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Standing Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.
8. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the dumping of construction fill on agricultural land renders the land unsuitable for production and that this is a matter of continuing concern in rural areas of this Province, and given that there is at present no legislation which addresses this problem, the Minister of Agriculture and Food should move quickly to introduce amendments to the Topsoil Preservation Act to regulate and control the dumping of inert material on agricultural land. March 25, 1991.
12. Mr Carr - Resolution - That, in the opinion of this House, recognizing that despite the fact that there is legislation limiting the quality and quantity of air emissions from plants and factories across Ontario, and despite the presentation of a "plan" from the Petro-Canada plant, Oakville Refinery, last December which would drastically reduce their emissions, and that foul-smelling air emissions are still emanating from this plant and causing discomfort and respiratory difficulties to the residents, the Minister of the Environment should move quickly to tighten emission standards. April 29, 1991.

18. Debated June 27, 1991.
19. Mr Kwinter - Resolution - That, in the opinion of this House, given the horrendous negative effect the policies and proposals of the New Democratic Party government have already had on the investment and job creation climate in Ontario, and given the deliberately anti-business proposal by the federal Conservative government to introduce a payroll tax to fund its wage protection program, thus making successful workers and employers pay the costs for their unsuccessful counterparts, the present Government of Ontario should at no time introduce a payroll tax as a means of funding the Employee Wage Protection Program. June 18, 1991.
20. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that cereal farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. June 18, 1991.
21. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. June 18, 1991.
22. Ms Harrington - Resolution - That, in the opinion of this House, the time has come for a fundamental assessment of provincial policies and practices concerning violence against women, therefore the Office Responsible for Women's Issues should undertake a thorough review including:
 - 1) the rights of people accused of assault to function in a manner that could be considered dangerous to members of society,
 - 2) the causes of violence against women and how the legacy of violence can be stopped,
 - 3) the effectiveness of education programs and how they can better serve victims of violence, and
 - 4) the accessibility of shelters for battered women and the need for shelters in all communities. June 18, 1991.
23. Mr Harris - Motion of Censure - That this House, taking note of the numerous and continuing incidents of conflict involving members of the Ontario Cabinet, has lost confidence in the Premier's ability to effectively develop, communicate, interpret and enforce his conflict of interest guidelines and calls on the Premier:
 - 1) to immediately devolve all responsibility for administering and interpreting the conflict of interest guidelines to the conflict of interest commissioner;

- 2) to refer all allegations of conflict of interest to the conflict of interest commissioner, to authorize the commissioner to report his findings and conclusions to the Standing Committee on Administration of Justice which will be mandated to review the issue, findings and conclusions and make recommendations to the Premier and the Legislature on the disposition of the matter;
 - 3) to immediately refer the questions concerning the so-called Farnan Affair to the Standing Committee on Administration of Justice;
 - 4) to establish in law by way of amendments to the Executive Council Act the guidelines governing communications between Ministers and Parliamentary Assistants and the judiciary, the police and quasi-judicial bodies and to specifically identify the tribunals, commissions, agencies and boards with whom Ministers and Parliamentary Assistants may or may not communicate and what types of communication are acceptable. June 19, 1991.
24. Mr Runciman - Resolution - That, in the opinion of this House, since the Corporation of the City of Brockville is seriously concerned about the impact on the manufacturing, commercial and tourism sectors of its economy through the loss of income, expenditure and assessment, resulting from the Provincial Government's taxation policies and the proposed introduction of legislation which is currently eroding the competitiveness and profitability in all the sectors noted above; and, since some of Brockville's industrialists have stated that they will move their manufacturing concerns out of Ontario, limit future investment, or close, if some or all of the current legislation is introduced which will increase the cost of doing business in Ontario (for example, labour law reform, sectoral bargaining, increased employer contributions on employee compensation packages, mandatory pension indexation, contracting out, strengthening the Ontario Labour Relations Board, and increasing the minimum wage to 60% of the average industrial wage) and, since the City of Brockville is potentially losing its ability to entice new commerce to the City from major investor interests due to concerns on the impact of the Ontario deficit, and the shift from a "business oriented Province"; and, since the City's manufacturing base, representing the majority of Brockville's manufacturing jobs, supports the City's direction on this matter through extensive consultation, the Corporation of the City of Brockville herein strongly recommends that the Ontario Government freeze all current and proposed legislation that will impact on Ontario business; and further, that the Government be more sensitive in the future to the impact of legislation on the economy of Ontario; and, that an industry/business/labour based task force be established to formulate a strategic direction that will repair the damage that has been done, and put Ontario back in a competitive business climate. June 25, 1991.
25. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that the Markham Buttonville Airport contributes significantly to the economic prosperity of the Region of York and the Greater Toronto Area and that the possible closure of this crucial component of our transportation network could wreak havoc with provincial air travel routes, this House resolves that the Town of Markham with the support of the Province of Ontario be encouraged to purchase the Markham Buttonville Airport in order to maintain this essential service. 431. Mrs McLeod - Enquiry of the Ministry - The Minister of Community and Social Services may know of a problematic policy regarding "Do Not Resuscitate" orders for seriously-ill residents which may apply in an Ontario's Home for the Aged. At least one Ontario Home for the Aged invites families to authorize "Do Not Resuscitate" orders for mentally-incompetent seriously ill residents. A family asking for ordinary bed-side resuscitative measures but no "heroics" is advised of a policy allowing for only two "black-and-white" options: first, no attempt at all to resuscitate; or second, a course which potentially invokes the full gaunt of highly technological life support measures including transfer by ambulance to a general hospital Intensive Care unit. Many families do not want such elaborate measures but may be reluctant to authorize no attempt at all to maintain life. Would the Minister advise whether the policy regarding "Do Not Resuscitate" orders for seriously-ill residents, which may apply in an Ontario Home for the Aged, is indeed a consistent province-wide policy among Homes for the Aged. Would the Minister also advise what guidelines are in place outlining the terms of such a policy and whether those guidelines reflect the position of the Ministry in such matters. June 24, 1991.

Ballot Item Numbers 29 and 30. Debated June 27, 1991.

Ballot Item Number 31. To be debated Thursday, September 26, 1991.

Ms Harrington - Resolution - That, in the opinion of this House, the time has come for a fundamental assessment of provincial policies and practices concerning violence against women, therefore the Office Responsible for Women's Issues should undertake a thorough review including:

- 1) the rights of people accused of assault to function in a manner that could be considered dangerous to members of society,
- 2) the causes of violence against women and how the legacy of violence can be stopped,
- 3) the effectiveness of education programs and how they can better serve victims of violence, and
- 4) the accessibility of shelters for battered women and the need for shelters in all communities.

Ballot Item Number 32. To be debated Thursday, September 26, 1991.

Mr Kwinter - Resolution - That, in the opinion of this House, given the horrendous negative effect the policies and proposals of the New Democratic Party government have already had on the investment and job creation climate in Ontario, and given the deliberately anti-business proposal by the federal Conservative government to introduce a payroll tax to fund its wage protection program, thus making successful workers and employers pay the costs for their unsuccessful counterparts, the present Government of Ontario should at no time introduce a payroll tax as a means of funding the Employee Wage Protection Program.

Ballot Item Number 33. To be debated Thursday, October 3, 1991.

Second Reading Bill 134, An Act respecting Unsolicited Facsimile Transmissions. Mr D. Cousens.

**PRIVATE MEMBERS' NOTICES
OF MOTIONS**

**AVIS DE MOTIONS DES
DÉPUTÉS**

1. Mr Eves - Motion - That the Legislative Assembly of Ontario recognizes that the period allotted for members' statements was intended for private members and not for statements announcing government initiatives, legislation, policies or proclamations and that any such announcements should be made during the time allotted for ministerial statements and therefore this House resolves that the Standing Orders of the Legislative Assembly be amended as follows:

Standing Order 30 be amended by adding thereto the following clause:

(d) No member shall make a statement announcing any government initiative, legislation, policy or proclamation. November 27, 1990.

2. Mrs Cunningham - Resolution - That, in the opinion of this House, recognizing the need for a highly skilled workforce to maintain Ontario's economic competitiveness, and the need to provide broader economic and educational opportunities for women in society, the Government of Ontario should establish a Women In Science and Engineering (WISE) scholarship fund, and provide start up funding, and invite private sector participation in the program, in order to encourage the study of engineering and applied science by women. December 6, 1990.
3. Mr Winninger - Resolution - That, in the opinion of this House, recognizing that the Canadian Forces Base in London, Ontario has and may continue to play a significant role in the life of the community, and that a swift response to disaster or emergency in a large urban centre such as London is vital to preserving the health and peace of this community, and that the various socially desirable works that a civilian militia would be called on to perform in the absence of a military base are now well conducted by Canadian Forces Base London, and that the federal government's decision to close down the base will result in a significant loss of employment and dislocation of individuals and families in the community, and that there is no significant cost-saving in closing down the base; therefore, the government of Ontario should urge the government of Canada to immediately reconsider its decision. December 10, 1990.

5. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post-1994 stage of acid gas emission control with respect to the four major emitters, and since the four major emitters only account for 80 per cent of Ontario's sulphur dioxide emissions; therefore, the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 per cent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:
 - 1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and
 - 2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide. December 19, 1990.
6. Mr Harris - Resolution - That, in the opinion of this House, recognizing that one in six children in this province is living in poverty, and that the April 1990 Report on Food Banks by the Standing Committee on Social Development recommended the creation of school-based meal programs to provide a basic level of nutrition, and that the Statement to the Standing Committee on Finance and Economic Affairs by the Federation of Women Teachers Associations of Ontario recommends such a program; the Government of Ontario, after consultation with educators, and in partnership with private sector sponsors, should establish a breakfast program for elementary school children. March 18, 1991.
8. Mrs Sullivan - Resolution - That, in the opinion of this House, given that the dumping of construction fill on agricultural land renders the land unsuitable for production and that this is a matter of continuing concern in rural areas of this Province, and given that there is at present no legislation which addresses this problem, the Minister of Agriculture and Food should move quickly to introduce amendments to the Topsoil Preservation Act to regulate and control the dumping of inert material on agricultural land. March 25, 1991.
12. Mr Carr - Resolution - That, in the opinion of this House, recognizing that despite the fact that there is legislation limiting the quality and quantity of air emissions from plants and factories across Ontario, and despite the presentation of a "plan" from the Petro-Canada plant, Oakville Refinery, last December which would drastically reduce their emissions, and that foul-smelling air emissions are still emanating from this plant and causing discomfort and respiratory difficulties to the residents, the Minister of the Environment should move quickly to tighten emission standards. April 29, 1991.

19. Mr Kwinter - Resolution - That, in the opinion of this House, given the horrendous negative effect the policies and proposals of the New Democratic Party government have already had on the investment and job creation climate in Ontario, and given the deliberately anti-business proposal by the federal Conservative government to introduce a payroll tax to fund its wage protection program, thus making successful workers and employers pay the costs for their unsuccessful counterparts, the present Government of Ontario should at no time introduce a payroll tax as a means of funding the Employee Wage Protection Program. June 18, 1991.
20. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that cereal farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario. June 18, 1991.
21. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development. June 18, 1991.
22. Ms Harrington - Resolution - That, in the opinion of this House, the time has come for a fundamental assessment of provincial policies and practices concerning violence against women, therefore the Office Responsible for Women's Issues should undertake a thorough review including:
 - 1) the rights of people accused of assault to function in a manner that could be considered dangerous to members of society,
 - 2) the causes of violence against women and how the legacy of violence can be stopped,
 - 3) the effectiveness of education programs and how they can better serve victims of violence, and
 - 4) the accessibility of shelters for battered women and the need for shelters in all communities. June 18, 1991.
23. Mr Harris - Motion of Censure - That this House, taking note of the numerous and continuing incidents of conflict involving members of the Ontario Cabinet, has lost confidence in the Premier's ability to effectively develop, communicate, interpret and enforce his conflict of interest guidelines and calls on the Premier:
 - 1) to immediately devolve all responsibility for administering and interpreting the conflict of interest guidelines to the conflict of interest commissioner;

- 2) to refer all allegations of conflict of interest to the conflict of interest commissioner, to authorize the commissioner to report his findings and conclusions to the Standing Committee on Administration of Justice which will be mandated to review the issue, findings and conclusions and make recommendations to the Premier and the Legislature on the disposition of the matter;
 - 3) to immediately refer the questions concerning the so-called Farnan Affair to the Standing Committee on Administration of Justice;
 - 4) to establish in law by way of amendments to the Executive Council Act the guidelines governing communications between Ministers and Parliamentary Assistants and the judiciary, the police and quasi-judicial bodies and to specifically identify the tribunals, commissions, agencies and boards with whom Ministers and Parliamentary Assistants may or may not communicate and what types of communication are acceptable. June 19, 1991.
24. Mr Runciman - Resolution - That, in the opinion of this House, since the Corporation of the City of Brockville is seriously concerned about the impact on the manufacturing, commercial and tourism sectors of its economy through the loss of income, expenditure and assessment, resulting from the Provincial Government's taxation policies and the proposed introduction of legislation which is currently eroding the competitiveness and profitability in all the sectors noted above; and, since some of Brockville's industrialists have stated that they will move their manufacturing concerns out of Ontario, limit future investment, or close, if some or all of the current legislation is introduced which will increase the cost of doing business in Ontario (for example, labour law reform, sectoral bargaining, increased employer contributions on employee compensation packages, mandatory pension indexation, contracting out, strengthening the Ontario Labour Relations Board, and increasing the minimum wage to 60% of the average industrial wage) and, since the City of Brockville is potentially losing its ability to entice new commerce to the City from major investor interests due to concerns on the impact of the Ontario deficit, and the shift from a "business oriented Province"; and, since the City's manufacturing base, representing the majority of Brockville's manufacturing jobs, supports the City's direction on this matter through extensive consultation, the Corporation of the City of Brockville herein strongly recommends that the Ontario Government freeze all current and proposed legislation that will impact on Ontario business; and further, that the Government be more sensitive in the future to the impact of legislation on the economy of Ontario; and, that an industry/business/labour based task force be established to formulate a strategic direction that will repair the damage that has been done, and put Ontario back in a competitive business climate. June 25, 1991.
25. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that the Markham Buttonville Airport contributes significantly to the economic prosperity of the Region of York and the Greater Toronto Area and that the possible closure of this crucial component of our transportation network could wreak havoc with provincial air travel routes, this House resolves that the Town of Markham with the support of the Province of Ontario be encouraged to purchase the Markham Buttonville Airport in order to maintain this essential service. June 27, 1991.

September 23, 1991.
741. Mrs McLeod - Enquiry of the Ministry - Would the Minister of Community and Social Services provide, by Region, the names and addresses of all new centres or organizations which have received child care capital and/or start-up grants since June 1987; the amount of the grant; number of licensed spaces provided by each centre; current status of each centre. September 23, 1991.
742. Mrs McLeod - Enquiry of the Ministry - Would the Minister of Community and Social Services provide, by Region, the names and addresses of all non-profit centres which have received operating deficit funding from the Ministry of Community and Social Services since June 1987; the amount of deficit funding received, by centre; the reason cited for the deficit; the current status of each centre; and the current status of centres denied funding. September 23, 1991.
743. Mrs McLeod - Enquiry of the Ministry - Would the Minister of Community and Social Services provide, by Region, the names and addresses of all established centres which have received grants for renovations since June 1987; the amount of the grant; the reasons cited for the renovation; number of new spaces created in each centre due to renovation; the current status of centres which received grants; and, the current status of centres refused grants. September 23, 1991.
744. Ms Poole - Enquiry of the Ministry - Would the Minister of Housing please table the following information about the letter sent in June, 1991 by the Minister of Housing to tenants regarding Bill 121: (i) the number of tenants the letter was mailed to; (ii) where the mailing list was obtained from; (iii) the total cost of the mailing. Would the Minister also advise whether a similar letter was sent to Landlords, and if so, would the Minister table: (i) the number of tenants the letter was mailed to; (ii) where the mailing list was obtained from; (iii) the total cost of the mailing; (iv) a copy of the letter. September 23, 1991.

745. Mr Phillips (Scarborough-Agincourt) - Enquiry of the Ministry - Would the Minister of Health please provide a list by hospital of the total number of hospital beds available in Ontario, what number of these beds are open and staffed and what number are closed. Of those that are closed please indicate to the extent possible which of these closures are permanent and which are temporary. September 23, 1991.
